ZTA-20 A

**TABLE TOP STEAM
STERILIZER**

Table Top Steam Sterilizer

ZTA-20 A

ZTA-20 A is a Table Top Steam Sterilizer that is easy to operate, safe and reliable. It comes equipped with an in-built printer, which records the full procedure of the sterilization. It also self-tests malfunction, and is easy to maintain.

The sterilizing procedure is automatically controlled and does not require supervision

The unit won't start if the water doesn't reach the high level, and the power will cut off directly

Drying function

Over temperature and over pressure auto-protection

Door safety lock system. Pressure in the chamber must be less than 0.027MPa for the door to be opened

Over pressure protection: If the pressure exceeds the working pressure, the safety valve will exhaust the air

Over-current protection: The breaker will cut off the power in case of over-current

Provides 3 or more times pulse-vacuum exhausting, applied to wrapped or unwrapped objects, hollow equipment

With Bowie & Dick testing function for steam penetration testing

Specifications

ZTA-20 A

Chamber Volume	20 L ($\phi 250 \times 350$ mm)
Max Working Pressure	0.23MPa
Max Working Temperature	134°C \pm 1°C
Adjusted Sterilizing Temperature Range	55~134°C
Adjusted Timer Range	1-99 min
Adjusted Drying Time Range	1-99 min
Vacuum Limit	-0.08MPa
Heat Average	$\leq 2^{\circ}\text{C}$
Power Supply	AC220V/50HZ
Dimension	67*50*45cm
Gross Weight	54kg
Net Weight	47kg
