ZTM-101 AAA

TDS METER

TDS Meter

- 1 point push-button calibration allows using the custom calibration solution
- Hold function momentarily freezes reading for easy viewing and recording
- Replaceable electrode module reduces maintenance and replacement cost
- Auto-Power Off effectively conserves battery life

Specifications

ZTM-101 AAA

Range	0.5~100.0ppm
Resolution	0.1ppm
Accuracy	±1% F.S.
Calibration Points	1 point
Range	0~50°C
Resolution	1°C
Accuracy	±1°C
Offset Calibration	—
Temperature Compensation	0~50°C, automatic
TDS Factor	0.4~1.0 (default 0.5)
Hold Function	Manual
Auto-Off	8 minutes after last key pressed

Operating Temperature	0~50°C
Display	Single-line LCD (21 x21mm)
Power Requirements	3x1.5V LR44 micro alkaline batteries
Battery Life	Approximately 150 hours of continuous use
Dimensions	185 (L) x 40 (Dia.) mm
Weight	100g
