**ZDO-200 AAA**

**ELECTRIC DRUM WIND  
DRYING OVEN**

## Electric Drum Wind Drying Oven

This series is used for industrial and mining enterprises, laboratories and scientific research units, such as drying, baking, wax melting and sterilization.

Structure features:

- Forced convection ventilation type structure, temperature uniformity is good.
- Microcomputer intelligent LCD
- Temperature control that is highly accurate, no overshoot
- Large-screen LCD display, displays multiple sets of data, temperature correction function, a timing function,
- Easy to use
- More humanized design.

### Specifications

### ZDO-200 AAA

Studio Size	225/50 × 60 × 75cm
Overall Dimensions	88 × 72 × 93cm
Packing Size	83 × 86 × 123cm
Ratepower	2000 W
Operating temperature(°C)	10~200 Room temperature + 10 to 200
Shelf	2
Net Weight	62
Gross weight	70
Power Supply Voltage	AC 220V/50HZ
Product Shape	Vertical
